Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (Revenue),—dated 27th September 1879.

READ—

1. Docket No. 734, dated 7th December 1877, from the Commissioner of the Nundydroog Division.
2. Letter No. 3996, dated 29th January 1878, from the President, Cantonment Municipal Commission, Bangalore.
3. Letter No. 1304—28, dated 29th March 1878, from the Commissioner, Nagar Division.
4. Letter No. 584—17, dated 5th November 1878, from the Commissioner of the Ashtagram Division.
5. Chief Commissioner's Proceedings No. 2627—Munl. 227, dated 26th October 1877.

No. 3362-73—MUNL. 161, DATED 27TH SEPTEMBER 1879.

ORDER THEREON.—The above letters contain proposals for the revision of the octroi in the several municipal towns in the Province, in accordance with the principles laid down in the Government of India, Home Department's Resolution No. 4446, dated 6th November 1868, and letter No. 2—103, dated 28th September 1877, and for otherwise placing the municipal income on a proper footing.

2. In the Town and Cantonment of Bangalore, which is the entrepôt of trade for the whole Province, the octroi is properly confined to a few special articles of local consumption. The articles and the rate of octroi levied are as noted in the margin.

	Rs.	A.	P.	
1. Areca-nut	0	4	0	per maund.
2. Tobacco—				
Imported from H. M.'s Territory	3	8	0	per maund inclusive of 12 As. sayer.
Local produce	2	8	0	per maund.
3. Betel leaves—				
Imported from H. M.'s Territory	0	0	2	per bundle of 100 leaves, inclusive of 1 pie sayer.
Local produce	0	0	1	per bundle of 100 leaves.

3. In the other Municipalities of the Nundydroog Division, comprising the Districts of Bangalore, Kolar and Túmkúr, a house-tax with some miscellaneous receipts from pounds, &c., constitutes the sole income. No octroi is levied in them except in the head-quarter town of Túmkúr, where the duty is collected on cloth and tobacco.

4. The Municipalities of the Shimoga, Kadur and Chitaldroog Districts forming the Nagar Division, are maintained by a house tax which is supplemented by octroi collections. These are generally levied on tobacco, betel leaves and cloth not imported by sea, and at the rates noted in the margin. But in the Chitaldroog and Kadur Districts, jaggory and sugar, butter and ghee, oil and arecanuts are also brought under the duty; and in the head-quarter town of Shimoga, animals for slaughter, *viz.*, sheep and goats, are added to the list.

	Rs.	A.	P.	
Tobacco	0	4	0	per maund and
	1	0	0	in Shimoga
Cloth	2 per cent *ad valorem* and 5 per cent in Chikmagalur.			
Betel leaves	1 pie per bundle of 100 leaves.			

5. In the two Districts of the Ashtagram Division, Mysore and Hassan, no house-tax is levied except in the Head-quarter Municipalities and in one or two others; but an octroi is collected on *cloth and *tobacco in the Municipalities of Hassan, and on cloth, tobacco and *arecanut in the minor Municipalities of the Mysore District. The duty on cloth in this Division is levied at 5 per cent instead of 2 per cent as in the Nagar Municipalities. In the Municipalities of Mysore, Seringapatam and Húnsúr alone, especially in the first named, an unusually large number of articles is brought under the octroi. The articles taxed, the rates of duty, and the amount realized from the same in the Mysore Municipality are given below :—

*Cloth	at 5 per cent *ad valorem*.
*Tobacco	„ 4 annas per maund.
*Arecanut	„ 8 do do.

Name of Article.	Rate of Duty.	Per	Annual Amount realized calculated on the average of 3 years preceding 1877—78.
1. Sugar	... 4 0	Maund ...	2,367
2. Gingelly seed	... 8 0	Candy ...	2,763
3. Gram	... 4 0	do ...	1,219
4. Ghee	... 8 0	Maund ...	4,938
5. Arecanut { 1st sort	1 0 0	Do ...	3,686

Do local production.	1 4 0		
21. Cloth	5 0 0	Per cent *ad valorem*	11,875
Total.....			55,015

6. Besides the above sources of income, the collections heretofore derived by Government from Mohatarfa, which consists of a tax on houses, shops, looms, oil-mills and carts, have been made over to the Municipalities at the District head-quarters and to the large Municipality at Seringapatam, which in return are required to defray the entire cost of the Police, and in Chikmagalur of education also. In Bangalore, however, which is divided into the two separate Municipalities of the Town and the Cantonment, the former alone bears the entire cost of the Police, whereas in the Cantonment, the Municipality bears but $\frac{1}{3}$ of the Police charges, the remaining $\frac{2}{3}$rds being borne by the Government. In these two Municipalities, in order further to aid them to meet the large expenditure which devolves on them owing to their exceptional circumstances, the Government revenue derived from lands situated within Municipal limits and the license fees collected on retail spirit and liquor shops have been made over to them.

7. No tolls are levied in any of the Municipalities in the Province, nor any tax on professions and trades excepting the Mohatarfa already referred to, which falls only on the petty trades. The larger professions and trades in the Province at present contribute neither to the Provincial nor to the Municipal revenue. A license fee on carriages, horses and animals is levied only in the Municipality of Mysore. Its introduction into Bangalore which is attended with some difficulty is under consideration.

8. The foregoing gives a brief resumé of the details of the Municipal taxation as now obtaining in the Province. The Chief Commissioner considers it necessary to revise them to some extent in order to secure a uniformity of system, and he resolves to issue the following instructions on the subject.

9. The minor Municipalities cannot hope to secure an adequate income except by means of a house-tax, and if a house-tax were levied, it seems scarcely desirable that they should resort to other sources of taxation such as octroi save to a limited extent. The house-tax, however, as at present levied in these Municipalities, is attended with needless complication. The portion of it which is classed under Mohatarfa, *i.e.*, the tax on the houses of the non-agriculturists, not consisting of Brahmans, Muhammadans and other privileged classes, continues to be collected by Government; whilst the Municipalities levy a separate tax in some places only on the houses of the exempted classes, and in other places on all houses. In order to obviate the inconvenience of this complicated arrangement, and to secure a uniform taxation of all the houses in these towns, the Chief Commissioner resolves to make over all the items of the Mohatarfa to the minor Municipalities on the condition of their paying to Government one-half of the entire collections realized from house-tax and the other items constituting the Mohatarfa, reserving the remaining half for Municipal purposes.

10. The house-tax under this arrangement will be levied by the Municipalities at uniform rates on all the houses without distinction or exemption. But buildings which are the property of Government, and those which are devoted exclusively to religious or charitable purposes, should be exempt from the tax.

11. The house-tax should not exceed $7\frac{1}{2}$ per cent of the annual rental of the houses; but in the minor Municipalities where houses are not usually rented, the tax will be more conveniently collected at a percentage on the valuation of houses.

The rates noted in the margin may be adopted experimentally in all the Municipalities, the Municipal Boards being competent to exempt from the tax huts of small value occupied by the poorer classes in detached localities. The valuation of the houses will ordinarily be conveniently made upon the area occupied by the buildings at fixed rates for the several descriptions of houses, *viz.*, terraced, mud-roofed, tiled and thatched; each being sub-divided if necessary into two or more classes according to quality.

	Rs. A.
Houses under 50 Rs. in value .	0 8
Do from 50 „ to 150 „ ...	1 0
Do „ 150 „ to 250 „ ...	1 8
Do „ 250 „ to 400 „ ...	2 0
Do „ 400 „ to 600 „ ...	3 0
Do „ 600 „ to 800 „ ...	4 0
Do „ 800 „ to 1000 „ ...	5 0

Do above Rs. 1000 at $\frac{1}{2}$ per cent on the valuation with $\frac{1}{4}$ per cent for the portion of the value in excess of Rs. 2000, fractions of a rupee being omitted in the resulting amounts.

12. The tax under the other items of Mohatarfa, *viz.*, shops, looms, oil-mills and carts, will be levied at such rates as are now or may hereafter be fixed for the Province in general, but no exemptions on account of caste or other grounds shall be allowed.

13. The arrangement under which the Municipalities at District head-quarters and at Seringpatam enjoy the whole of the Mohatarfa, defraying in return the entire cost of the Police, will continue. But instead of the separate rates prevailing under the Mohatarfa and the Municipal taxation in these towns, the tax on all the houses and the other items will be levied at one combined rate and upon uniform principles.

14. As regards the octroi duties, the instructions of the Government of India which have been already published, very clearly lay down the principles to be observed in their collection. These duties are to be levied only on articles of local consumption, and are on no account to be extended to any article belonging to the transit or general trade of the country. The latter restriction has been generally observed. But it is not possible strictly to limit the duty to the articles actually consumed within the Municipality. It is easily arranged that no duty is levied on traffic which does not break bulk in its transit through the town, but when the articles are once brought into the local market, it is difficult to separate purchases for local consumption from those made by residents of villages beyond the Municipal limits. The rural population very generally obtain their supplies of articles from the retail sellers in the larger towns, and the refund of the duty on the articles again leaving the Municipal

limits is likely to be attended with abuse. It is therefore not possible to prevent the Municipalities deriving some portion of their octroi income from the consumption in villages outside the Municipal limits.

15. The articles upon which octroi could be levied under the instructions of the Government of India, as classified under the heads noted in the margin, are very numerous, and to these have been afterwards added—

(1.) Articles of food or drink for men or animals.
(2.) Animals for slaughter.
(3.) Articles used for fuel, for lighting or for washing.
(4.) Articles used in the construction of buildings.
(5.) Drugs, gums, spices and perfumes.
(6.) Tobacco.

(7.) Piece goods and other textile fabrics and manufactured articles of clothing and dress, and—

(8.) Metals and articles of metal.

with the proviso that on these articles imported by sea and liable to customs duties, the octroi should not exceed 1½ per cent *ad valorem*.

16. There are however other considerations which require attention and which would greatly reduce the number of articles upon which the octroi can without objection be allowed to be levied. It is desirable that the octroi should be confined to a few articles which are likely to be most productive, and upon which the duty could be easily collected without involving needless annoyance or the stoppage and search of other commodities; and that, as far as practicable, it should bear upon articles of luxury;—at least it should not injuriously affect the retail prices of articles with which the poorer classes are mainly concerned, and that the rates of duty should be moderate.

17. Judged by these principles, a number of articles upon which octroi is at present levied in Mysore must be deemed objectionable. The duties on the articles marginally noted are open to objection on the score of their being unproductive, or being easily evaded, or bearing injuriously upon articles which form the necessaries of life to the poorer classes. They should be abolished.

Coriander.
Pepper.
Chillies.
Saffron.
Onions.
Garlic.
Soapnut.
Tamarind.
Gram and other grains.

18. No duty should be levied on bamboos which are largely used by the poorer classes for building and repairing their houses. But there is not the same objection to a duty on timber and chunam, which is easily collected on the cart-load, but proper arrangements should be made that the duty is not levied on timber which is not unloaded in the town. The duty on timber may properly be fixed at varying rates for the superior and inferior classes of it, *viz.*, at Rs. 2 per cart-load for teak and blackwood, and Re. 1 for timber of other descriptions. The duty on chunam may be reduced from 8 to 4 annas per cart-load.

19. The duty on oil seed should also be reduced from 8 to 4 annas per candy, in order to make it proportionate to the duty on oil, which is only 2 annas per maund.

20. Piece goods form the most productive item of Municipal octroi, and may continue to be taxed at 5 per cent *ad valorem* on articles of Indian manufacture, but goods imported by sea and liable to customs duty, which may also be brought under the octroi, should bear a duty not exceeding 1½ per cent *ad valorem*.

21. Imported metals may also be brought under the octroi at the same rate as imported piece-goods in places where it is likely to be productive. Till now, however, they have been taxed only in the Shimoga Municipality where the collection from them has been insignificant.

22. The following will then be the articles upon which the octroi may be levied and at the rates not exceeding those specified. The rates of duty, it will be seen, range from about 4 to 7 per cent on the value of the articles:—

Class.	Name of Article.	Rate of Duty.				Ordinary Price.
		Rs.	A.	P.		Rs.
I.	Sugar	0	4	0	Per maund of 960 tolas' weight.	4
	Jaggory	0	2	0	,, do	2
	Ghee	0	8	0	,, do	8
	Butter	0	4	0	,, do	6
II.	Sheep and goats	0	2	0	,, head.	2
III.	Oil	0	2	0	,, maund of 960 tolas' weight.	3
	Oil seed (gingelly and lamp-oil seed). ...	0	4	0	,, candy of 160 seers.	6
IV.	Timber—Teak and blackwood ...	2	0	0	,, cart-load.	30
	Do other kinds ...	1	0	0	,, do	15
	Chunam	0	4	0	,, do	5
VII.	Piece goods of Indian manufacture ...	5	0	0	Per cent *advalorem*.	
	Do imported by sea ...	1	8	0	do	
VIII.	Metals	1	8	0	do	

23. The articles which now contribute to the Provincial revenue under the head of sayer or excise duty as well as to the Municipal octroi, require separate consideration. These articles and the rates of the sayer and Municipal duties generally levied on them are noted below:—

	Rate of Sayer Duty. Rs. As. P.	Rate of Municipal Duty. Rs. As. P.	Per
Cocoanuts, fresh ...	0 8 0	0 0 0	100.
Do dry ...	0 7 6	0 0 0	maund.
Betel-leaves ...	0 0 1	0 0 1	bundle of 100 leaves.
Tobacco except in the Towns of Bangalore and Mysore ...	0 12 0	0 4 0	maund.
Arecanut	0 12 0	0 4 0	maund.

24. The separate levy of these two duties, as is to be expected, adds considerably to the annoyance and interference attendant on their collection. The Chief Commissioner, therefore, in pursuance of the sanction given by the Government of India in 1875, but which has not as yet been given effect to, resolves to dispense with the separate collection of the sayer duty on cocoanuts and betel-leaves at the place of their production, and to authorize such of the Municipalities in the Province as may find it sufficiently productive, to collect on them a combined town duty at the rates noted in the margin on the condition of the Municipalities retaining one-half of the realizations for Municipal purposes and paying the remaining half to the Provincial revenue. The town duty will be collected on the articles, whether produced within the Province, or imported from outside.

Cocoanuts—
Fresh ... 8 annas per 100.
Dry ... 7½ annas per maund.
Betel-leaves...2 pie per bundle of 100 leaves.

25. The Chief Commissioner further proposes to obtain the sanction of the Government of India for introducing a similar arrangement in regard to tobacco. The sayer duty now levied on this article is 12 annas per maund, and the octroi additionally collected on it is 4 annas per maund, except in the Municipalities of Bangalore and Mysore, where a much higher rate is levied. It is proposed to give up the separate sayer duty on tobacco, and to authorize the Municipalities to levy a combined duty of one rupee per maund on the article, paying one-half of the realizations to the Provincial revenue.

26. The higher rate of duty now levied on tobacco in the Municipalities of Bangalore and Mysore, *viz.*, Rs. 3—8—0 per maund, inclusive of the sayer, will not

be interfered with; but it will be convenient to reduce it slightly to Rs. 3—0—0 per maund, one fourth of which being the sayer, one-fourth of the realization from tobacco will alone be paid to Government in these two Municipalities.

27. The Municipal duty levied in the Mysore Town alone on tobacco stalks, which appears to produce but little, should be given up for the same reason for which it has already been removed from the list of sayer articles, *viz.*, that it is almost a necessary upon which the poorer classes who cannot afford to purchase the highly taxed tobacco leaves are entirely dependent.

28. Arrangements similar to those above ordered for the other sayer articles cannot be conveniently made in regard to areca-nut. This article is largely exported to places outside the Province, and the sayer revenue derived from it which is considerable cannot be fully secured by Municipal taxation. Considering that areca-nut forms the most important staple of the Province and that it is heavily burdened with a high land assessment and the sayer duty, the Chief Commissioner deems it important to relieve the article from any further imposts or interference with its trade. He therefore directs its removal from the list of articles which may be subjected to the Municipal octroi.

29. The above measures will greatly simplify the incidence of the sayer and Municipal octroi duties. No article will be hereafter subject to both. The arrangements for the collection of the sayer will be confined to the single article of areca-nut, whilst the loss to Government of the sayer revenue from the other articles will be to a considerable extent made good by the payment to Government of half the Municipal realizations from them.

30. In thus defining and restricting the number of articles which may be brought under the Municipal octroi, the Chief Commissioner desires it to be understood that each Municipality should select for the octroi taxation only such of the articles named upon which the tax is likely to be sufficiently productive, and would not entail charges for the collection out of proportion to the income. Especially in the minor Municipalities or towns other than the District head-quarters, the octroi may be advantageously restricted to the articles noted in the margin, as in these smaller stations the other articles mentioned in the list are scarcely bought and sold, the consumption of the inhabitants being confined to what they themselves produce.

1. Cloth.
2. Tobacco.
3. Betel leaves.
4. Cocoanuts.

31. The renting of the octroi having been objected to by the Government of India, the same has now been given up, and the duties are collected throughout the Province under direct management. This necessarily opens a wide door to smuggling and fraud—objections which would be serious if the duties had to be collected by Government. But in authorizing the Municipalities to collect these duties, it is hoped that the Municipal committees will be able, by their personal attention, to ensure the necessary safe-guards against smuggling, and, at the same time, consult the convenience and comforts of the inhabitants. The Chief Commissioner trusts to the Municipalities giving their earnest attention to the above points and suggesting arrangements for collecting the duties, as far as practicable, without detention and the unloading of the goods.

Arrangements should also be made for exempting from octroi articles brought into the town for private use in small quantities.

32. With regard to bonded warehouses referred to in the instructions of the Government of India, it is observed that they have been established in the large towns of Bangalore and Mysore only. They would seem to be scarcely suited to the requirements of the smaller places.

33. The peculiar position of Bangalore, as the entrepôt of the trade by the Railway with the whole Province, precludes any enlargement of the present limited sphere of the octroi taxation allowed in that Municipality. The articles chargeable with octroi in this Municipality will be, (1) tobacco, (2) cocoanuts and (3) betel leaves, to which may be added sheep and goats should the Municipality desire it.

Municipal taxation.—Issues instructions relative to the revision, to some extent, of—

Mysore Govt. Press, Bangalore.—9-10-79.—250.

(13)

Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (Revenue),—dated 27th September 1879.

34. The propriety of allowing this Municipality, as an exceptional case, to levy tolls, as in Madras, to make up for its insufficient income from octroi, and to provide it with the means of maintaining its roads in repair, will be separately considered.

35. The above arrangements, except in regard to tobacco and arecanut, should come into effect from the 1st November 1879, and the Deputy Commissioners and the Municipal President of Bangalore are requested to arrange accordingly. Further instructions in regard to tobacco and arecanut will be issued on receipt of the orders of the Government of India on the proposals made.

C. RANGACHARLU,
Revenue Secretary.

To—The Commissioners of Ashtagram and Nagar Divisions.
„ Deputy Commissioners of Districts.
„ President, Cantonment and Town Municipal Commissions, Bangalore.
„ Deputy Accountant General.

(12)

each bundle of Mysore grown Betel leaves, and half of the amount of collections on account of Cocoanuts, green and dry, (Mysore grown) in accordance with the above Proceedings-

2. Beg to suggest that the Layer duty levied on Areca nuts in this District may be abolished, as there are but few Areca Gardens, and the collections are very small viz, Rs 272-8-0—

3. The Layer Establishments of this District as per margin have been ordered to be discontinued from the 1st Proxmo—

Chief Commr's Proc:
No. 3362-73 Ml. 161 of the 27th September 1879 regarding the provision of Municipal and Sanger taxation.

Letter from the Dy Commissioner, Bangalore District, No. 291 of the 15th October 1879.

Order thereon.

The object of the instructions conveyed in para 20 of the Chief Commr's Proceedings of the 27th September last was to simplify the collection of the Sayer and Municipal duties on Betel leaves and Cocoanuts in all the Municipalities in general. In the town of Bangalore, the consumption consisting chiefly of the articles imported from Her Majesty's Territories which have

No 4032-43 Munpl. 201 of Camp Mysore 30th Oct 1879

284

28/10

not hitherto been liable to Sayer duty, the Octroi already levied on Betel leaves and that newly authorized on Cocoanuts will, as regards articles imported from Her Majesty's Territories, be wholly appropriated by the Municipality. The Municipality will, as arranged by the Dy. Commissioner, pay to the Provincial Revenue one half of the collections on the above articles of local production only.

2. The arrangements indicated in the above Proceedings in regard to Tobacco will require similar revision as regards the Bangalore Municipality, and instructions will be hereafter issued on the subject when the new arrangements are to come into effect.

3. The Deputy Comm.r of Bangalore reports that in consequence of the new arrangements made he has dispensed with the Sayer Establishment in his District costing Rs 74 per month; and he suggests that the Sayer on Areca-nut which produces only Rs. 272 per Annum may also be given up in his District. There may arise difficulties in authorizing such partial exemptions. The Chief Comm.r is not therefore

prepared to sanction
the proposal at present.
The Sayer duty on Arecanut,
however, in this and
in the other Districts
where the produce is
small should be
collected at the place
of production by the
village Officers, and
there should be no further
interference with the
article either in its
transit or when brought
into the market.

4. The Dy. Commrs
of the other Districts
should report what
Sayer Establishments
are entertained in
their Districts, and
what reductions could
be made in them.

READ—

Chief Commissioner's Proceedings No. 3362-73—Mun 161 of the 27th September 1879, regarding the revision of Municipal and Sayer taxation

Letter from the Deputy Commissioner, Bangalore Dirict, No. 291 of the 15th October 1878.

No. 4032-43—MUNL. 201, DATED CAM MYSORE, 30TH OCTOBER 1879.

ORDER THEREON.—The object of the instructions conveyed in para 24 of the Chief Commissioner's Proceedings of the 27th September last was to simplify the collection of the sayer and municipal duties on betel-leaves and cocoanuts in all the Municipalities in general. In the town of Bangalore, the consumption consisting chiefly of the articles imported from Her Majesty's Territories, which have not hitherto been liable to sayer duty, the octroi already levied on betel-leaves and that newly authorized on cocoanuts will, as regards articles imported from Her Majesty's Territories, be wholly appropriated by the Municipality. The Municipality will, as arranged by the Deputy Commissioner, pay to the Provincial revenue one-half of the collections on the above articles of local production only.

2. The arrangements indicated in the above Proceedings in regard to tobacco will require similar revision as regards the Bangalore Municipality, and instructions will be hereafter issued on the subject, when the new arrangements are to come into effect.

3. The Deputy Commissioner of Bangalore reports that in consequence of the new arrangements made, he has dispensed with the Sayer Establishments in his District, costing Rs. 74 per month; and he suggests that the sayer on arecanut, which produces only Rs. 272 per annum, may also be given up in his District. There may arise difficulties in authorizing such partial exemptions. The Chief Commissioner is not therefore prepared to sanction the proposal at present. The sayer duty on arecanut, however, in this and in the other Districts where the produce is small, should be collected at the place of production by the village officers without the necessity for any separate Sayer Establishment, and there should be no further interference with the article either in its transit or when brought to the market.

4. The Deputy Commissioners of the other Districts should report what Sayer Establishments are entertained in their Districts, and what reductions can be made in them.

ENCLOSURES NO.

General No. 1426 / No. — } 1879—80.

Sir

I have the honour to submit a revised Schedule of the Sayer & Establishment directed in para 4 of the Chief Commissioner's Proceedings No. 4032-43/201 dated 3rd December 1879.

2. I have also submitted the present Schedule for comparison.

3. I need not point out that according to the existing orders including all those that have been received up to date on the subject, there remain only three articles upon which duty will have to be collected viz Tea Cardamum & Coffee.

Back of the [illegible]

& rules libido, acreage for Salution
Office is under consideration, I think
it will be convenient to treat of only the
two first for Sayer purposes & to deal
with Coffee separately -

4 - With regard to the Sayer on Arecanut
& Cardamum, it is to be observed, 1st that
the Collection of the duty upon Cardamum
takes place in no place where the duty
on Sayer may have not to be collected, & 2dly
that the Collection upon Cardamum alone
for two allogether only an insignificant
item Amounting in all to about Rs 1800 -
Hence, what ever arrangement is made
for the Collection of the duty on Arecanut
will be for [illegible] that of the duty on Carda-
=mum -

5 - It is proposed to leave to the Village
Officials the duty of collecting the Sayer,
in all the places where the Amount of
Collection on Arecanut has hitherto
been not more than Rs 520 - - - - - And it
is proposed to remunerate those Officials
by a percentage upon the Collections -
I think they may be allowed five per cent

6 - As regards those other places in which
the Revenue from Arecanut is large,
I propose to treat three of them specially
viz 1 Bruhmagiri, 2 Byngoonge and 3
Birur - In the first two, the Collections

1 Moregar 1/2 8
1 Kalkan — 5
2 Kolkar @ 5 Rs — 10
Rs 23

are very large, but as these are special
Establishments maintained as per
Margin in these places at the Cost of
the Sircar for the Collection of the
Sayer due to the Jahagir, which, according
to the existing arrangement, is collected
under the orders of the Govt Officers,
without any interference on the part of
the Mutt & then paid over to the Mutt, I consi-
-der that only a Moregar on 10 Rs & a Kolkar
on 5 Rs to be paid actually by the Govt
are sufficient to manage the duties con-
-nected with the Collection of the Govt
Sayer, as the Establishment maintained
at the Cost of the Mutt can always be made
use of by the Govt Officers for the Col-
-lection of the Govt Sayer also - On
the other hand, the Collection in Birur,
is not large - But to this place most of the
Arecanut from the Malnad in the Shimoga
& Kadur districts, is brought & kept in
warehouses for a time & afterwards
sent to different places - To prevent
Smuggling, the Establishment in that
place therefore has, in addition to the
duty of collecting Sayer on Arecanut
belonging to its own range, a great deal of
work by way of weighing the Arecanut

the time it is sent out. I have therefore provided for a sufficient number of hands for all this work, without reference actually to the amount of the collections in the place.

7. The remaining places I have classified as follows. viz.

1st Class comprising those where the collections amount to more than Rs 10,000 — " — " —

2d Class comprising those where the collections Amount to more than Rs 5000, but less than Rs 10,000.

3d Class comprising those where the collections Amount to more than Rs 2000 but less than Rs 5000.

4th Class comprising those where the collections Amount to less than Rs 2000.

8. There are two places in which there is no collection on Account made, but in which an Establishment has to be maintained for the performance of the work of Examination and Check, which to detect smuggling is to take place in them as being two most important stations on the great lines through which the trade in Account is extensively carried on in this dist. These are, 1 Vastura & 2 Banawar. These also I have ranked as 4th Class.

9. For the different classes, I propose to give the following Establishment.

1st Class. Moneyar 1 @ Rs 10 . . . . . Carkoon 1 @ Rs 6. Kolkars 2 @ Rs 5

2d Class . 1 @ Rs 8. . . . . 2 @ Rs 5

3d Class . 1 @ Rs 7. . . . . 2 — " — 5

4th Class . . . . . 1 @ Rs 6 — 1 — " — 5

10. Though the above Establishments are professedly for the collection of the Sayer on Account, the arrangement is that the same Establishments, should do the work of collecting the Abkarry Coffee that has to be collected in their several stations, so long as the system of collecting Abkarry Coffee is in existence.

11. It will be observed that there are some places in which under the proposed arrangement no Establishment will be maintained for the collection of Sayer, and which are yet places, where the collection of Abkarry Coffee will have to continue. But as the collection of Abkarry Coffee goes on only during a particular season in the year, I propose to give only a temporary Establishment to do the work of the particular time, but no permanent Establishment as at present.

1 Sayar
2 Sirwaldars
3 Attiyans

where temporary Establishments for
the purposes of Coffee are now appointed
for a season only as above mentioned.
These temporary Establishments of
Course will lee allowed hereafter also.
But as I have considered that a re=
=duction can lee made in the Cost, I have
accordingly provided for this reduction.
13- The net Saving in the charges
of the Sayer Establishment will lee Rs. 231
a month or Rs. 2448 for the Year, as will
lee seen from the Marginal Memo.

I have the honour to lee
Sir

Shimoga District.
Camp, Shikarpur, 3rd February
Despd 6th 1881
6 - 00

The Secretary to the
Chief Commissioner of Mysore
Revenue Department.

Sir,

With reference to para 4 of the Chief Commissioner's Proceedings No. 4032-43 Mund 201 dated 30th October last, I have the honor to enclose a statement shewing the revenue from the duty on Supari and other articles, and to submit the following propositions as to the reductions that are in my opinion feasible in the Sayar establishment of the Talukas.

Shimoga Taluk — 2 In the Shimoga Katte, the duty on Supari is so considerable as to require in my opinion one Managar, one Karkun and one Kolkar. In the Holehonnur and Bannikere Kattes, the revenue has fallen off on account of the famine, but an increase may reasonably be expected hereafter. Between these kattes

Is this Establishment recommended

realization is very small and the revenue Shanbhog may be directed to do the prescribed work.

3. The two katte of Chaunagini and Hallûr are contiguous to each other, and no great inconvenience will, it is hoped, be experienced if only one katte is retained at Chaunagini with one Kárkún and three Kólkárs. The Hodigere katte may have only one Kárkún, and the Kattalgere katte which realized nothing last year, and only a trifle in the previous years, may be abolished, the work of levying duty on Supári locally grown being assigned to the Shanbhog and Patél.

Chaunagini Taluk.

4. The Honnâli katte may be similarly dealt with. Although the realizations in the Hyamti and Honnâli Kattes are small, these are frontier kattes through which much Supári from

Honnâli Taluk

Shikarpúr Taluk.

the Malnád will pass, and should in my opinion be retained for checking the exports and taking back the Rahadárs. One Kárkún and one Kólkár may therefore be retained for each of these kattes.

5. The Belandúr katte was transferred to this Taluk from the late Anantapúr Taluk, and the revenue collected therein justifies, in my opinion, the retention of the present small establishment of one Kárkún and one Kólkár. The other three kattes of this Taluk are important, not so much on account of the collections therein, but the means they afford to check and detect smuggling across the frontier. One of them, viz, the Shirálkop katte is considered so very important as to have a 1st Class Manegár on Rupees 15, but 2 of the 4 Kólkárs may be reduced for each of the two other kattes, viz, Shikarpúr and

be sufficient.

6. I would propose no — Other Talukas
material reductions in
the Katte establishments
in the remaining 4 Talukas,
viz, Sorab, Sagar, Nagar
and Kavaledrug - Hyasmur
in Sorab yields a good
revenue, while the other
6 Kattes in that Taluk
are all frontier Kattes,
and the Supari producing
country being so very near
to them, any reduction in
their strength will seriously
impair their efficiency, and
give a premium to fraud.
In the Sagar, Nagar and
Kavaledrug Taluks, the
realizations from Supari
form the bulk of the Sagar
revenue, and the Sagar —
establishments therein, which
on several occasions had
been recommended by
my predecessors for an
increase both in strength
and pay, are susceptible
of no reduction - The two
Kárkúns

Kárkúns in the Sagar and
Kumcha Kattes may however
be reduced to one each, and
the gollars therein be also
swept off altogether - The
Paigasti amins in these
Talukas may further be
all reduced, together with a
few of the Kólkárs attached
to them as shewn below -
It is hardly necessary to
say that the Paigasti Amins
have disappointed the —
expectation that they
would reduce Smuggling
to a minimum -

	existing No. of Paigasti Kolkars.	Proposed do.
Sorab. —	2	1 —
Sagar —	8 —	4 —
Nagar —	4 —	2 —

7 I would take this opportunity of recommending
that the pay of the Kárkúns
who are in independent
charge of Kattes, may be
raised from the present rate
of Rupees 6 to Rupees 8 - Al-
-though absolute purity
could never be expected
from the — minor officials
of any Department, as long

I submit that it has been long a recognized political principle that the higher paid officials are more trustworthy - Much money will pass through the hands of these Karkuns, and they are exposed to constant temptation in having to determine the duty on large consignments of dutiable Supari, and the appointment has outlived the epoch when 6 Rupees used to be considered a competence to a poor family - Hence, I think, the slight increase I have ventured to suggest is in keeping with the progress of the times, and will be more than covered by the reductions proposed.

8. The above propositions will, if sanctioned, effect a

a saving of Rupees 10 a-- year as shewn in the enclosed Schedule marked A.

I have the honor to be
Sir
Your most obedient Servt

W. Narasimmiyya,
Deputy Commissioner
Shimoga District.

Office of the Chief Commissioner
Chitaldroog 18th June 1880.

To

51 (7)

The Secretary to the Chief Commissioner
of Mysore Rev: Department

Sir,

With reference to para 4 of the Chief Comrs Pro: No 403243 of the 30th October last requesting to report what Sayer establishments are entertained in this District and what reductions can be made in them, I have the honour to submit a statement showing the Cost of the present and proposed establishments

2 In the Chitaldroog Taluk no establishment is entertained and the Sayer duty is collected by the Village Officers who receive a Commission of Rs 5 per Cent on the Amount of Collection, altho the average annual produce of Supari is 1630 Maunds, which in the Taluks of Davangere, Kankuppa, Hiriyur, Doseri & Pavugada an establishment is maintained notwithstanding the insignificant yield of Supari which is below 300 Maunds in each of these Taluks. In addition to this establishment the Village Officers in these 5 Taluks receive a Commission of Rs 5 as above said, the Sayer Servants simply helping them in their work, but in the Taluks of Bondrug, Budihal & the late Harihar, the Sayer Servants Collect the duty independantly of the Village Officers. I am therefore of opinion that the establishments in these 5 taluks should be dispensed with, and the Sayer duty on the article Collected through the agency of Village Officers as in Chitaldroog.

3 In the Taluks of Budihal and Bondrug a small establishment is necessary in consequence of the produce being large. In these Taluks Consisting of 5 & 6 Hobblis respectively, Supari is grown in only three Hobblis in each of them, the annual produce of the former being 4720 and that of the latter 3410 Maunds. The establishment proposed is one Karkoon on Rs 5 for each Hobli; the Cost of which will Amount to Rs 30 per Mensem against Rs 81 as at present.

4 The Sayer establishment now Costs Rs 3276 per annum and according to the proposals aforementioned the Cost of the 6 Karkoons to be retained together with the Commission to the Village Officers, including Chitaldroog will be Rs 466 per annum

* In Bondrug 1 Jankul
2 Holalkere
3 Ranipiri

* In Budihal 1 Kandikere
2 Tarikallu
3 Moodalagiri

annually.

5 It will be observed that under these arrangements the Sayer duty on Soopari will be collected only in the Residual + Bordering Talukas by the agency of Karkoons employed, and in all other Talukas by the Village Officers.

I have the honor to be,
Sir,
Your most Obedient Servant

Letter No. 142 of the
18th June 1880 from the
Dy Comm.r of the Chital-
-droog Distt, submitting
proposals for the reduc-
-tion of the Sayer Establish
-ment of the District

No. 2178-9 of 13th July/80
Jul 95

Order thereon:-

The Sayer establishment
of this distt costs Rs
273 per month or Rs 3276
per annum. The Dy
Comr. proposes to abolish
this establishment
retaining only 6 Kar-
-koons on a total
monthly pay of Rs 30/
for the Budihal & Hos-
-droog Taluks only,
where the Sayer has
hitherto been collected
by the Karkoons inde-
-pendently of the
Village Officers - In
the Mer Taluks, the
collection of the duty

will be entrusted to the
Village Officers, paying
them the usual
remuneration of 5 per
cent on the Collections.
It is not however
clear how the reduced
Establishment of
the Karkoons is to
suffice for the collection
of the duty in all
the villages of the above 2
Talukas independently
of the Village Officers.
If the Village Officers'
services are to be called in
to aid, it is better
to entrust the Collections
to them entirely on the
usual terms, as has
been done in other Districts,
abolishing altogether any
separate establishment of
Karkoons for the purpose.

Further explanation
is therefore required
on the subject - Mean
- while, the Sayer Esta-
- blishment excepting
the 6 Karkoons referred
to should be at
once abolished.

1880.

No. 2180-1 / Mil 96 of 13th July 1880 } Order thereon.

In the above, the Dy Commr. submits his proposals for the revision of the Sayer Establishment in his District with reference to para 4 of the Chf Commrs Proceedings dated 30th Octr. 1879, No 4032-43/201. He proposes to entrust the collection of the Sayer duty where it is under Rs 520/ to the Village Officials, giving them a percentage remuneration, and to maintain Sayer Establishments only at certain stations, chiefly in the Malnad Taluks, where the collections are considerable. These esta

-blishments are regulated according to the importance of the place - The establish- -ments proposed to be retained at Wastara, ~~Bana~~ Banawar and Beroor are not so much for the collection, as for the examination of the articles in transit and detection of smuggling- The two former places are important stations on the great lines of road through which the traffic in Areca nut passes, and Beroor is the great warehouse for the Areca nut trade. The ^ permanent ^ Establishment thus proposed to be retained comprises 36 men on a monthly

The Secretary to the
Chief Commissioner
Revenue Department

Sir,

With reference to the Chief Commissioners' Proceedings No: 2178-9/95 dated 13th Instant, Observing on the proposal of the retention of three Karkoons in each of the Taloks of Budihal and Hosdurga for the Collection of Sayer duties, and pointing out that if the Village Officers Services are to be called into aid, it is better to entrust the Collections to them entirely. I have the honor to state that in the above two Taloks Supari is grown in only three hoblis of Each of them and the area of these hoblis not being great I considered that a Karkoon for Each of these hoblis, as at present, might be retained for the Collection of sayer duties without the aid of Village Officers. But since the receipt of the Chief Commissioners Proceedings and upon further Consideration of the matter, I consider that uniformity of the system of Collection throughout the District would be better and will produce better results.

2. I

= fully recommend that the sayer duty in these six hoblis also be ordered to be collected by the Village Officers, on the usual terms, and the services of the six Karkoons dis= =pensed with.

I have the honor to be,
Sir,
Your most obedient Servant

Sir

Referring to my letter No 942 of 3rd February 1880 regarding the reduction of Sanga Establishments in this District, I have the honor to state that my attention has been drawn to the very small realizations in several of the Maidan Talukas for the first 4 months of the current Official Year and the Statistics in the margin will illustrate how disproportionate the revenue is to the Establishments kept up.

2. I would therefore suggest that permission be granted to at once carry out the proposed reductions at least in the Maidan Talukas.

Shimoga District
Deputy Commissioner's Office
Shimoga 28th November 1881
Despt 30 —

To

The Secretary to the Dewan
of Mysore Revenue Department.

Sir,

My attention having for some time been directed to the necessity of providing an efficient check against the frauds which I think are going on to a serious extent against the excise revenue in both its branches, I have the honor to state that I have come to the following conclusions, Viz:—

1st that the location of some of the Sayer Katte's should be changed with reference to the changes that have taken place as regards the passage of the traffic owing to the opening out of certain new roads in the District.

2d that the agency whose duty is to penetrate through the Talukes of the District with a view to prevent and detect smuggling in both the Sayer and Abkary departments should be amalgamated and strengthened so as to impose the duty of supervision in both the departments upon the same officers and thereby render supervision more frequent and efficient —

and 3d that the present Abkary and Sayer Establishments should be revised with a view to the above objects-

2. I have accordingly drawn up a scheme as shewn in the statement herein enclosed, and I beg to solicit the Dewan's early consideration of it and his orders thereupon-

3. It will be seen that so far as is necessary, I have compared my proposition with that contained in Mr. Narasimmiengar's letter No 242 dated 3d February 1880 on the revision of the Sayer Establishments.

Subha list 011-2-81 & No 5535

4. And it will likewise be seen that the principal changes advocated in my proposition as compared with the existing arrangements involve only the abolition of the present 3 Sayer Paighash Amins and of one of the 2 abkary Supervisors and the appointment in their stead of 3 Supervisors for the supervision of the excise revenue in general and likewise the replacement of the other abkary Supervisor and another minor official belonging to the Distillery by an official to be styled Head Duftardy whose duty should be a careful and constant attendance at the Distillery and attentive watch of the operations there, receiving an adequate pay-

5. I have reason to anticipate very beneficial results from the arrangement I have suggested. At least I am of opinion that it is worth a trial-

6. And that there is an ample room for improvement in the matter of excise revenue in this District is I think evident from the following statement shewing the realizations since the beginning of this year-

Items.	1880-81 from April to October	1881-82	Comparison	
	1880-81	1881-82	Increase	Decrease
Sayer	67,595 1 9½	89,695 1 8	22,099 15 10½	" " "
Abkari & Stills head duty	16,943 6 "	23,345 7 5	6,402 1 5	" " "

I have the honor to be
Sir,
Your most Obedient Servant

T R Venkatarama
Deputy Commissioner

Remarks.

1. The 3 Katte's marked A may also I think be abolished without any inconvenience for the same reasons that justify the abolition of the many other Existing Katte's in these Talukas

2. The place marked B is on the high road between Sagar and Ananlapur and as there are Katte's at both the latter mentioned places there is I think no necessity for a Katte at the former place.

3. The Katte's at the places marked C are all to be transferred to the places marked D in order to have the Katte's Established on the roads newly made in the neighbourhood, as the traffic now passes by these roads

4. The places marked C are all now important as being on the new roads this which much traffic now passes and they are also necessary for the Convenience of the traders and ryots. But it is enough to give them at present only a small Establishment, Viz. 1 Harkeen & 1 Holkar

5. A Holkar is enough I think for the Katte marked F. as there is not work for a Harkeen

6. The Katte's marked G. are not important so far as the income is concerned, but they are all very necessary to check smuggling into the North Kanara and Dharwar Districts.

7. The pay of the Holkars is proposed to be raised from 4 to 5 Rs as the former sum is too small in these days.

8. The pay of the manegar & Harkeen in the 3 Talukas of Shemoga, Chenmagiri and Annalé should it is proposed be 8 & 6 Rs respectively

9 In the other Talukas where the average income of the Sayer revenue seems not likely to be more than 500 Rs a year, the Katte is to be put only under a Harkeen on 6 Rs he being allowed a Holkar to assist him or not according to circumstances, except where it is necessary to watch a frontier out-post & where therefore one or two more Holkars are to be allowed as may be deemed necessary. But when the income is more the man in charge of the Katte is to be styled manegar he being allowed a Harkeen on 6 Rs pay or not according to requirements, but always being allowed a sufficient No. of Holkars and his pay being as follows.

If the income is above 500 but not Exceeding 1000 Rs	7 Rs
If it is above 1000 but not Exceeding 3000 - " "	8 Rs
If it is above 3000 but not Exceeding 5000	10 Rs
If it is above 5000 but not Exceeding 10,000 -	12 Rs
If it is above 10,000 - " "	15 Rs.

General No. 120 | 1874-75.
R No. 89

Sir,

In reply to your docket No. 798/47 of the 2d Instant calling upon me for a report on the subject of combining the Arrack Contracts of this and Kadur Districts, I have the honor to report that as directed in the 2d para of the Dewan's Proceedings No. 6130-37/109 of the 11th March 1884, I was under the impression that my report is to be made upon the receipt of the Contractor's plans of supply to the various wholesale shops in the two Districts

which they have not intimated to me up to this time. They however applied to me on the 25th april for permission to export 300 gallons to the Kadur District. This permission I gave at once, even before receipt of the Dewan's Telegram dated 26th Ultimo and memo No 1 of the 26th april 1884 and the fact I intimated in my letter No 82/62 of the 25th Ultimo. If the Company intend distilling at Shimoga for both Districts I have no objection, only the Contractors have to export the liquor under the pass ports of the Supervisor here, the duty thereon being paid to the Deputy Commissioner Kadur.

2. At present the Distillery Establishment is as per margin. This Establishment is not enough to supervise the shops in the Kadur District also and detect illicit distillation. I beg therefore to solicit attention to the proposition I submitted with my letter No 142/501 of the 28th November 1881.

General No. 1289 } 1884-85.
Jh No. 975.

Sir!

Referring to my predecessor's docket no: 251 of the 5th June 1882 and its previous correspondence, I have the honor to forward herewith a list shewing the Sagar servants, whose Kattes have been abolished by Mr. Venkatawardiengar in anticipation of sanction to the proposition (statement) and who are now employed in Taluk Kacheries on work unconnected with

Reference CR 7-2-85

Submitted
CR 10-2-85.

that I have sent the servants of
Shimoga Taluk to Sorab and 2 out of
Shimoga to Sagar to assist the
existing staff in those Taluks to prevent
smuggling of supari into Her majesty's
Country. This will only employ them till
the end of may next.

2. Of the remaining 4 hands in the
Shemmagini Taluk (one) 1 moneger on Rs10/-
is temporarily stationed at Hanikar
and one Konkan and 2 Kolkars have
been struck off the strength of establishment
to provide increase of pay to the Silliker
moneger, Vide Proceedings no. 5466-7/302 dated 4th
January 1883.

3. The whole of the establishment of the
Sagar Taluk, whose Kattes have been
abolished, is employed on the frontier
in detecting smuggling cases till may
next.

4. I request that the employment
these men on preventive duty on the
frontiers instead of as hitherto allowing
them to idle away their time in the Taluk
Cacheries may be sanctioned until
June next and that after that date
I may be authorized to dispense
with their services. I have the honor to be

Sir

I am directed to draw your attention to letters Nos noted & noted below on the margin from Messrs Saravanan Iyengar and Venkata Varadiengar on the revision of Sayer Establishment in the Shemoga Dt.

I am directed to request that you will consider the petitioners with reference to the present state of Sayer Revenue which at the time the letters were written had scarcely time to regain the normal condition after the late severe famine.

Should you still consider

a reduction or a revision
necessary and justifiable
